HOME COACH'S QUESTIONNAIRE

My coaching staff and I are looking forward to working with your swimmer for a week at our swim camp. Our main objectives are to reinforce what you have already taught your swimmers, and to use the amount of time we have in the water, as well as the small coach/swimmer ratio to correct "trouble spots" of the swimmers. I hope you will take a moment to write down one or more items on which you would like us to concentrate with your swimmer, i.e. start, turn in a specific stroke, head position in a specific stroke, etc. Of course we do not have all the magical cure-alls, but we will do our best. Thanks!
