There is no lottery for Pine Lake housing. If you would like to live in a certain place, with certain people, say so in this application. We try to accommodate all requests, but priority is given to academic needs of the students involved. Otherwise housing assignments are made by Pine Lake housing points combined with the college's housing points. (Pine Lake Housing points are cumulative: we total the points of everyone applying for a cabin together.)

See the Pine Lake Handbook for more details (<http://www.hartwick.edu/x496.xml>). Students living at PL may not be under college disciplinary sanction and should be in good academic standing (GPA over 2.5). Indicate first second and third choices, cabin-mates if known. All college policies are in effect at Pine Lake.

Please also answer the following questions. Be creative. It's more fun to read!

1. Why do you want to live at PL? How does living at PL fit into your social, academic, career or personal goals?
2. One of the PL objectives is to develop a sense of community. What role do you see for yourself in pursuing that goal? How will PL benefit from your residence at PL?
3. Improving the interaction and communication between general campus culture and PL is another goal. Besides inviting your friends to visit, how can you contribute to that?
4. Please tell us how the concept of sustainability relates to your and a liberal arts education
