

Adding an Android Phone/Tablet to the HCWHawks Wireless Network

1. Click Settings
2. Verify WiFi is turned on
3. Click WiFi
4. Select HCHawksGuest
5. Click Connect
6. Open your web browser
7. The Meru wireless network connection page will open
8. Enter your Hartwick email address in the username field
9. Enter your NETWORK password in the password field (this is the password you use for Blackboard and WebAdvisor)
10. Click the SmartConnect button
11. Click the link to install the SmartConnect Android app
12. Complete action using Store, Play Store or Amazon Store (varies with model of device)
13. Click Install
14. Click Accept and download
15. Use the phone's back button to return to the Meru networks page
16. Click the link to connect to the secure network
17. You may get a failure message. Click OK
18. Return to Settings, WiFi
19. Select HCWHawks
20. The authentication page will open
21. In the identity field, enter your Hartwick email address
22. In the password field, enter your Hartwick NETWORK password
23. Do not complete any other fields
24. Click Connect
25. Your phone should connect to HCWHawks, which you can use anywhere on campus
