Adding an iPhone/iPod/iPad to the HCWHawks Wireless Network

1. Click Settings
2. Click WiFi
3. Select HCHawksGuest
4. A Meru networks Login page will open
5. Enter your Hartwick College email address
6. Enter your Hartwick NETWORK password (same one you use for Blackboard and WebAdvisor)
7. Click Login
8. On the next screen, click the Connect to the secure network button
9. On the next screen, click to install the iOS network profile
10. Return to Settings
11. Click Install on the HCWHawks Profile
12. Click Install Now
13. Click Done
14. Click the back arrow twice to return to the main Settings window
15. Verify that you are using HCHawks
16. Open your web browser to verify your connection
17. You may use the HCWHawks network anywhere
